an essential and intuitive treatment of financial accounting with an international perspective the use of international financial reporting standards is growing rapidly both outside of the united states and within especially as ifrs incorporates more us gaap rules in the newly updated fifth edition of financial accounting with international financial reporting standards a team of accomplished financial practitioners and educators delivers the newest version of their highly anticipated text this important work offers practical end of chapter exercises and practice problems complete with foreign currency examples as well as an emphasis on non us companies and examples it is perfect for accounting students

seeking exposure to internationally utilized accounting standards

focus on gaap and ifrs this title makes extensive use of international companies allowing the reader to get a global understanding of financial accounting

while there is growing interest in ifrs within the us interest outside the us has exploded weygandt s fourth edition of financial accounting ifrs highlights the integration of more us gaap rules a desired feature as more foreign companies find the united states to be their largest market the highly anticipated new edition retains each of the key features e g toc writing style pedagogy robust eoc on which users of weygandt financial have come to rely while putting the focus on international companies examples discussing financial accounting principles and procedures within the context of ifrs and providing eoc exercises and problems that present students with foreign currency examples instead of solely u s dollars

this textbook covers the ias ifrs syllabus of financial accounting on bachelor s and master s level it covers how to prepare financial statements and tackles special problems in ifrss accounting like asset revaluations manufacturing accounting share issues financial instruments group statements etc the content is explained by more than 60 case studies completely illustrated with bookkeeping entries and financial statements all chapters outline the learning objectives provide an overview cover the contents of relevant ias ifrs standards include case studies and how it is done paragraphs they end with a summary the explanation of new technical terms and a question bank with solutions for checking your learning progress on the internet you can find further cases linked to the textbook by qr codes and more than 350 exam tasks including solutions as well as youtube videos from the author the textbook helps you to learn ifrss and to familiarise yourself with international accounting in english it is an accurate translation of the textbook bilanzen from the same author

by january 2012 all major economies apart from the us will provide financial reports using international financial reporting standards ifrs this book sets out the key differences between ifrs and us gaap from a practitioner s perspective although financial analysts will also benefit from the material presented the financial crisis has been attributed to among other things a perceived lack of transparency in the financial markets in general transparency implies an ability to see the reported results of an entity s financial activities clearly and to use these results in making investment decisions at question is the belief that transparency in financial reporting will lead to transparency in financial markets unfortunately this link may be more subjective than most of us wish ruth ann mcewen presents an analysis of reporting issues affecting transparency under ifrs compared with us gaap and suggests areas of concern for preparers and users of financial reports providing an invaluable guide for all accountancy professionals the book also contains a technical analysis of major accounting issues raised by convergence and indicates areas of interest

during initial adoption of ifrs by us entities this authoritative book provides all the essential information required for advanced practitioners and analysts at this critical juncture

this unique book is not written from a specific national perspective but adopts an international approach throughout it treats the topic of international financial accounting and reporting as a subject in its own right and not as an alternative or an extension to the existing domestic regulatory framework the book begins with an introduction to accounting and financial reporting followed by a description of the development of international standards and the present structure role and operations of the international accounting standards board while a major part of the book is devoted to a discussion on individual ifrs international financial reporting standards it also discusses income statements balance sheets and cash flow statements these financial statements are examined in the context of international financial reporting regulations and students are introduced to the main ifrs relating to those statements subsequent chapters examine individually the more complex standards a complimentary copy of the instructor s manual and the powerpoint presentations of the text materials are available for all instructors who adopt this book as a course text please send your request to sales@wspc.com

while there is growing interest in ifrs within the us interest outside the us has exploded weygandt s third edition of financial accounting ifrs highlights the integration of more us gaap rules a desired feature as more foreign companies find the united states to be their largest market the highly anticipated new edition retains each of the key features e g toc writing style pedagogy robust eoc on which users of weygandt financial have come to rely while putting the focus on international companies examples discussing financial accounting principles and procedures within the context of ifrs and providing eoc exercises and problems that present students with foreign currency examples instead of solely u s dollars

accounting began as a practical activity in response to perceived needs it has progressed in the same way adapting to meet changes in the demands made on it where the needs differed in different countries accounting developed in different ways essentially on the darwinian principle useful accounting survived

financial accounting or financial accountancy is the field of accounting concerned with the summary analysis and reporting of financial transactions pertaining to a business this involves the preparation of financial statements available for public consumption stockholders suppliers banks employees government agencies business owners and other stakeholders are examples of people interested in receiving such information for decision making purposes financial accountancy is governed by both local and international accounting standards gaap which stands for generally accepted accounting principles is the standard framework for guidelines for financial accounting used in any given jurisdiction it includes the standards conventions and rules that accountants follow in

recording and summarising and in the preparation of financial statements on the other hand ifrs international financial reporting standards is a set of international accounting standards stating how particular types of transactions and other events should be reported in financial statements ifrs are issued by the international accounting standards iass with ifrs becoming more widespread on the international scene consistency in financial reporting has become more prevalent between global organisations whilst financial accounting is used to prepare accounting information for people outside the organisation or not involved in the day to day running of the company management accounting provides accounting information to help managers make decisions to manage the business
