main currents in american thought will stand as a model for venturesome scholars for years to come readers and scholars of the rising generation may not follow parrington s particular judgments or point of view but it is hard to believe that they will not still be captivated and inspired by his sparkle his daring and the ardor of his political commitment in volume ii the romantic revolution in america 1800 1860 parrington treats such influential figures as john marshall john c calhoun andrew jackson abraham lincoln washington irving james fenimore cooper herman melville daniel webster ralph waldo emerson henry david thoreau and nathaniel hawthorne

between 1800 and 1870 meteorology emerged as both a legitimate science and a government service in america challenging the widely held assumption that meteorologists were mere data gatherers and that u s scientists were inferior to their european counterparts james rodger fleming shows how the 1840s debate over the nature and causes of storms led to a meteorological crusade that would transform both theory and practice centrally located administrators organized hundreds of widely dispersed volunteer and military observers into systematic projects that covered the entire nation theorists then used these systems to observe weather patterns over large areas making possible for the first time the compilation of accurate weather charts and maps when in 1870 congress created a

federal storm warning service under the u s army signal office the era of amateur scientists volunteer observers and adhoc organizations came to an end but the gains had been significant including advances in natural history and medical geography and in understanding the general circulation of the earth s atmosphere

this study focuses on the complex relations between author publisher and contemporary reading public in 19th century america in particular the emergence of irving and cooper as america s first successful literary entrepreneurs how poe s and melville s successes and failures affected their writing the popularization of poetry in the 1830s and 1840s the role of the literary magazine in the 1840s and 1850s and the beginnings of book promotion it pays particular attention to the way social and economic forces helped to shape literary works
